| PREMIER DIAGNOSTIC ULTRASOUND |

Fifth European Eye Cubed Ultrasound Course

Introducing the New Generation Eye Cubed from Ellex

Join us in Edinburgh to experience premier diagnostic ultrasound 'hands on' during the Satellite Workshop of the SIDUO (Societas Internationalis Pro Diagnostica Ultrasonica in Ophthalmologia) Congress.

Date:

Sunday 12 September, 2010

Time:

10:00am - 4:00pm

Venue:

The George Hotel,
Edinburgh Scotland

Registration:

To receive the invitation for this course, please contact:

Nicolas Bruel

- nbruel@ellex.com
- Tel + 33 4 7334 1855
- Fax + 33 4 7393 2198

Main topics of the course:

- Biometry and IOL calculation: how to increase accuracy?
- Dynamic B mode examination: precision diagnosis of vitreous and retina.
- High frequency examination: innovation for measurement and diagnosis of the anterior segment.
- Standardized echography: advanced ocular tumors diagnosis.

Right: Hands on directed by Dr. Hatem Atta, Aberdeen Royal Infirmary, Scotland, during the Fourth Eye Cubed Ultrasound Course in London, U.K., February 2009.
